SemiNex is moving!

Dear Customers, Suppliers, and Friends:

SemiNex Corporation is moving! We will be moving one town over to Danvers, MA. Our new mailing and shipping address as of **February 25, 2022** will be as follows:

**SemiNex Corporation**  
**153 Andover Street**  
**Suite 201**  
**Danvers, MA 01923**

Please be sure to update all your systems with our new address, including FedEx/UPS if you ship products to us. Our contact phone numbers and email addresses will remain the same, as will our banking information.

We look forward to continuing to serve our customers and suppliers with prompt turnaround times during our move. Please contact your current representative if you have questions.

About SemiNex:

SemiNex Corporation designs and manufactures high-power semiconductor lasers for use in LiDAR, medical, military, and industrial applications. SemiNex's unique product designs enable lasers with high powers and improved thermal performance. SemiNex diode technology dramatically lowers the cost per watt of laser power, especially compared to alternate technologies such as solid-state lasers and fiber lasers. **Learn more at [www.seminex.com](http://www.seminex.com).**

For additional information please contact SemiNex Corporation at [sales@seminex.com](mailto:sales@seminex.com).
