Monitor is compatible with the Spinning® app and other popular fitness apps as well as Bluetooth® and ANT+ cycling computers and most gym equipment. Optical heart rate technology ensures reliable and real-time heart rate data during your workouts.

## PRODUCT DETAILS

### Description

Elevate your cardiovascular fitness, maximize your endurance, and achieve your fitness goals! Tailored for enthusiasts of the Spinning® program but created for all indoor cyclists, the Spinning® Connect™ Dual Mode Armband Heart Rate Monitor is crafted for accuracy, comfort, and seamless connectivity. Integrates technology and training principles to optimize your ride and get the most out of your workouts.

**Comfortable and Secure Fit:** The breathable armband design ensures a comfortable and secure fit, so you can focus on your ride without the distraction of a chest strap or bulky monitor. The adjustable strap guarantees a snug fit for various arm sizes, providing optimal accuracy during your workout.

**Precise Heart Rate Monitoring:** When paired with the Spinning® app or other indoor cycling or fitness apps, you'll experience real-time, accurate heart rate monitoring to optimize your workouts. The armband's advanced optical heart rate technology delivers reliable data,

**Maximum Compatibility:** Connects with the Spinning® app, the Chrono®, the PRO™ Power, NXT™ Power, SPINPower® Studio Computer and Spinning® Studio Computer as well as Bluetooth® and ANT+ mobile devices, cycling computers and most gym equipment.

**Bluetooth® and ANT+ Connectivity:** Enjoy the flexibility of dual connectivity options. The armband seamlessly syncs with the Spinning® app or other indoor cycling and fitness apps, as well as Bluetooth® and ANT+ compatible devices, such as smartphones, tablets, cycling computers, and smartwatches.

**Long Battery Life:** Don't miss a beat! The Spinning® Connect™ Dual Mode Armband Heart Rate Monitor boasts up to 10 hours of workout time on a single charge. Features a rechargeable battery and includes a magnetic lock charging cable.

**Sleek and Durable Design:** The armband is functional and stylish. Its sleek, water-resistant, splash-proof design is built to withstand your most intense workouts!

**User-Friendly Operation:** Easy to use and hassle-free, our armband heart rate monitor simplifies your fitness tracking experience. Simply strap it on, connect to your preferred device or app, and start your workout with confidence.

aiming for increased endurance or improved cardiovascular health, connect to the Spinning® app with a Plus subscription for real-time metrics during your ride. You'll not only experience world-class performance training with Certified Spinning® Instructors, you'll also see your personalized numbers throughout every ride along with post-ride summaries, history and highlights of your personal bests, averages and cumulative totals. So simple to use!

So easy to use

Posted by Robin D. on Oct 27th 2023

I love that this heart rate monitor is so simple. There's just one button for on/off. Nothing complicated. I just connect it to my Spinning app and I can see my BPM and my zones as I ride!

Armband HR monitor

Posted by Dawn Drago on Sep 2nd 2023

Great addition to my riding experience. My rides are more efficient which is very important to my specific needs.

Armband heart monitor

Posted by John on Jun 14th 2023

Good form and function., helpful in sterling your fitness levels as you progress in the classes

Works great. Nice not to have chest band.

Awesome HR monitor!

Posted by Mike V on Jun 16th 2020

I bought this HR monitor to be used with my chrono power. It easily connected to my spin bike via ant+ connection. It also connected to my zwift app. This was a great purchase.
